

Request for Designer/Client Reference

I hope this message finds you well.

RW Purchasing Partners is a hospitality procurement company currently evaluating a vendor for a significant upcoming project. The vendor listed you and your company as a reference based on your previous collaboration. We would greatly appreciate it if you could take a moment to share your experience by answering a few brief questions:

What is the business name of this vendor?

Were you satisfied with their design and workmanship?

Did they fully deliver on the scope of work—and was it completed on time?

Would you specify or utilize this vendor again for future projects?

Your feedback will be instrumental in helping us make an informed decision. Please return the completed information to accounts@rwpurchasing.com at your earliest convenience.

Thank you in advance for your support.
